Behaviour and safety

Calm and discretion are required in all areas. Shoes must be removed in the entrance hall. Parents are responsible for their children outside of class hours. There is no « individual accident » insurance. We therefore advise you to contact your insurer if you wish to take out such cover. The studio is strictly reserved for dancers and parents are not allowed to film or take photographs.

Levels and progression

Levels are assigned by the management. From level 3 onwards, attendance at two classes per week is compulsory.

Performances and image rights

Participation in performances is not compulsory but is an integral part of the learning process. No financial contribution is required for costumes or rehearsals. Participation in performances requires regular attendance at both classes and rehearsals. Photos and videos may be used for the school's communications unless written opposition is sent by registered post to the ASBL.
